ZW-7 series

ZW 220

Model code: ZW220-7
Engine maximum power: 157 kW / 210 hp (ISO14396)
Operating weight: 18 190 – 19 450 kg
Bucket ISO heaped: 2.8 – 10.0 m³
You’re in control

You’re at the heart of Hitachi’s design for its latest range of wheel loaders. To continuously improve on previous generation machines, we’ve focused on enhancing your experience in the cab as an operator.

We’ve considered the challenges you face as the owner of a successful business. And we’ve zoomed in on the ways in which we can support you over the life cycle of your machine.

By putting you at the heart of the ZW-7 range, we invite you to take control – over your workspace and your fleet. And by working in partnership, we will help you to create your vision.
Inside

In control of your business

8. Improve your profit

In control of your comfort

10. Feel the difference

In control of your environment

12. Increase your safety

In control of your assets

14. Boost your uptime

In control of your fleet

16. Manage your machine

In control of your uptime

18. Protect your investment

In control of your performance

20. Customise your machine
Complete control

The new ZW-7 range of wheel loaders puts you firmly in control, so you can feel assured of your machine’s performance, and supported by the technological expertise and services that Hitachi provides.

Approach speed control maximises fuel efficiency on loading operations.

The payload checker helps you work more productively and accurately when loading trucks.

ConSite Pocket app allows you to manage and monitor your fleet remotely.

Options such as Hitachi ground engaging tools enable you to enhance the performance of your wheel loader.
Integrated console and seat suspension gives a greater sense of control and seat-mounted electric control levers reduce fatigue.

Visibility of the job site is excellent thanks to the Aerial Angle® camera system (optional) and new LCD monitor.

Safety is enhanced by the rear obstacle detection and warning system (optional).

The ECO gauge on the monitor indicates how to lower fuel consumption and reduce costs.

Maintenance is quick and easy due to improved access to components and anti-clogging radiators.

Higher engine output at lower engine RPM increases performance.

Visibility of the job site is excellent thanks to the Aerial Angle® camera system (optional) and new LCD monitor.

Safety is enhanced by the rear obstacle detection and warning system (optional).

The ECO gauge on the monitor indicates how to lower fuel consumption and reduce costs.

Maintenance is quick and easy due to improved access to components and anti-clogging radiators.

Higher engine output at lower engine RPM increases performance.
Control zone

Enhanced comfort and safety features are at your fingertips in the refined cab of ZW-7 wheel loaders, giving you the power to perform productively, with ease and reduced fatigue.

1. Seat-mounted electric control levers help to reduce fatigue.
2. Multifunction or finger-type control lever options to suit your preference.
3. Integrated console and seat suspension gives a greater sense of control.
4. USB power supply and smartphone holder helps you stay connected.
5. Armrest-integrated sub monitor controller provides fast access to main functions.
6. Ergonomically designed adjustable armrest so you can work comfortably.
7. User-friendly storage space keeps your workspace tidy and clutter-free.
8. Heated heavy duty seat with horizontal suspension.
9. Drinks holder is easy to detach for cleaning.
10. Joystick Steering System (optional) provides exceptional control.
11. Anti-slip steering wheel for effortless operation.
12. 3.5” colour liquid crystal display in the front dashboard is easy to view.
13. Spacious cab gives you a pleasant working environment.
14. Panel switch integrated functions are user-friendly.
15. Electrically adjusted mirrors switch is easy to use.
16. High-resolution 8” monitor is easy to use and navigate.
17. Bluetooth® for hands-free calls and DAB+ radio for music while you work. Audio is easily controlled.

Operation is easy with ergonomically designed controls and switches.

All commonly used functions can be selected at a glance using the side panel switch.
The success of your business depends on the reliability and efficiency of your construction machinery. With Hitachi’s latest ZW-7 wheel loaders, you can count on the highest quality, the ultimate in operating comfort and reduced running costs – all of which will have a positive impact on your bottom line.

You can look forward to increasing your profits thanks to the impressive fuel economy and efficient operation of these Stage-V compliant machines. The new ZW220-7 delivers further reductions in fuel consumption and greater efficiency with features such as approach speed control. This allows operators to control the travelling speed on short loading operations, which results in less fuel consumption.

Another way for your operators to control fuel efficiency – and reduce costs – is by using the all-new ECO gauge. This is clearly visible on the multifunctional colour LCD 3.5” monitor.

Your operators can also work more productively and accurately thanks to the payload checker. This enables them to keep track of load weights in real time on the monitor and find out how much material is in the bucket or truck. The display shows when the bucket or truck is overloaded, so you can adjust the final load to achieve target capacity.
The ECO gauge helps to deliver better fuel consumption.

Approach speed control maximises efficiency.
You’re in control with a spacious, tidy and enjoyable working environment.

The cab has ample space for your belongings.

The LCD monitor is easy to view with hi-res screen.
In control of your comfort

Feel the difference

Hitachi’s redesigned, state-of-the-art ZW-7 cab gives you the perfect working environment. The ultra-spacious ZW220-7 offers you an industry-leading, first-class cab with the ultimate in comfort and quality, as well as some of the lowest noise and vibration levels in the market.

Feel the difference with the synchronised motion of the seat and console, and seat-mounted electric control levers, which have been designed to ensure you feel less tired at the end of the working day.

Easy operation comes with the ergonomic design of the multifunction lever, the anti-slip steering wheel and the adjustable armrest with integrated controller. You can navigate quickly through the menu on the 8" LCD monitor with the sub monitor controller. The hi-res screen is also easier to view, and the refreshed layout offers a clear display and desirable functionality.

With more storage for your personal belongings, such as your coat, smartphone and drink, you’ll feel instantly relaxed and ready for your shift. Practical functions of the joystick steering system, such as wiper and horn, will make your working day effortless and enjoyable.

Ergonomically placed sub monitor controller provides easy access.
In control of your environment

Increase your safety

Your ability to work safely is vital, not only for your own wellbeing, but also for the successful completion of any project. To protect yourself and your machine from potential hazards, the new Hitachi ZW-7 wheel loaders give you a superior view of your surroundings, so you can see the job site from all angles.

The visibility you enjoy from the cab includes an exceptional 270-degree bird’s-eye view with the Aerial Angle® camera system. You can choose from two image options to view the machine’s immediate environment, which enables you to control your own safety – as well as that of those around you.

The rear obstacle detection system also enhances safety on the job site, with real-time speed, machine position status and large detection zone.

To help you to work more confidently and efficiently, even in the most challenging of conditions, ZW-7 wheel loaders are fitted with some impressive new features. From the LED work lights (in two variants: standard 1200lm and high brightness 4200lm) and roller sunshade, you’ll have the visibility you need when it matters most.

Electrically adjusted mirrors provide a clear rear view.

Rear obstacle detection system enhances safety on the job site.
Choose between different image layouts to suit your working environment.

Control your safety with the 270-degree view Aerial Angle® camera system.

LED work lights improve visibility in challenging conditions.
Engine cover enables convenient access for daily inspections.

Intelligent fan operation system prevents radiators clogging.

Easy maintenance features minimise downtime.

Daily inspection reminders make life easier for operators.

Hitachi wheel loaders are tested rigorously to ensure high levels of durability.
Completing a project on time and on budget depends on the ability of your construction equipment to perform all day, every day. That's why Hitachi owners have profited from generations of ultra-reliable and durable machinery – and the ZW-7 range is no exception.

The latest Hitachi wheel loaders have been built to last, so that you can remain in complete control of your assets. They have been tested rigorously and continuously at dedicated facilities in Japan with the goal of significantly boosting your uptime.

As a result, several unique durability-enhancing components have been fitted to the latest Stage-V compliant machines. The axle overheat prevention system on the monitor warns your operator of high brake loads. And the intelligent fan operation system prevents radiators from clogging by adjusting the periodic intervals of the automatic reversible fan electronically.

Downtime is minimised by the priority given to easy maintenance features, such as anti-clogging radiators, which save you time and money.
In control of your fleet

Monitoring the performance of your wheel loader ensures exceptional reliability. The alerts on the ConSite Pocket App provide real-time information.

Manage your machine

Hitachi offers a wide range of after-sales services to help you feel in total control of your fleet and workload. These initiatives give you access to vital data and tools to manage your machine.

Remote monitoring systems Owner’s Site and ConSite send operational data daily via GPRS or satellite from your wheel loader to www.globaleservice.com. This includes: ratios of operating hours to enhance efficiency; fuel consumption to manage running costs; and machine location for planning purposes. ConSite summarises the information in a monthly email.

The ConSite Pocket App sends you real-time alerts for issues arising with your machine. You’ll receive recommendations on what to do and step-by-step help guides. The app also enables you to see the location of your fleet.

A wide range of data on Global e-Service enhances efficiency.

Monitoring the performance of your wheel loader ensures exceptional reliability.
Hitachi offers a wide range of after-sales services for planning maintenance and managing running costs.
HELP extended warranties and service contracts provide optimal performance.

Hitachi Premium Rental enables you to pay as you earn.

Hitachi provides the highest level of technical support.
In control of your uptime

Protect your investment

If your machine will be working in severe conditions, or you want to minimise repair costs, you can take advantage of a unique extended warranty programme called HELP (Hitachi Extended Life Program) and comprehensive service contracts. These can help to optimise performance, reduce downtime and ensure a higher resale value.

We apply the same technological expertise to our wide range of high-quality parts as we do our machines. As a result, you can minimise unscheduled downtime and ensure maximum availability.

The parts range includes Hitachi Genuine Parts, Performance Parts, filters, undercarriages, and remanufactured components. We also offer ground engaging tools and buckets, which have been manufactured to the same exacting standards.

As your business grows, you may need to extend your fleet to meet the demands of new contracts. Why not try before you buy with the Hitachi Premium Rental programme? This gives you immediate access to ZW-7 wheel loaders for a period of one month to a year.

Along with the reliability, quality and service you would expect from the Hitachi brand, Hitachi Premium Rental offers flexible contracts and fixed costs that make it easier for you to budget.
Customise your machine

In control of your performance

Designed to work in perfect harmony with your wheel loader, Hitachi’s durable buckets and robust ground engaging tools (GET) will increase your profit by maximising productivity and uptime. Manufactured to the same high standards as all Hitachi construction equipment, they offer unrivalled reliability, exceptional performance and peace of mind that you are getting the most from your Hitachi machine.

The right bucket for the job

You can increase the versatility of your wheel loader by choosing the right bucket for the job. For loading light materials or heavy-duty work, Hitachi buckets can be customised to meet your needs. You have a wide range of options to choose from – including general purpose, rock, high dump and light material buckets – and selectable options such as types of floors and spill guards, side cutter shapes, side wear plates and wear parts are also available. The ISO quick coupling system makes it easy for you to quickly connect Hitachi buckets to your wheel loader.

Enhanced digging power

You can enhance the digging power and productivity of your wheel loader with Hitachi GET. Quick and safe to install and replace, they fit precisely to your attachments and can be tailored to suit the task. Using Hitachi GET can reduce your maintenance costs and downtime, lower fuel consumption and enhance the overall performance of your machine.

Straight side cutter
Convex side cutter
Concave side cutter

In control of your world

With extensive expertise in designing and manufacturing wheel loaders, as well as a 50-year heritage in producing hydraulic excavators and a reputation as the industry’s leading mining machine manufacturer, the Hitachi network will give you access to a range of exceptional construction equipment.

Like the new ZW-7 wheel loaders, Hitachi excavators, rigid dump trucks, and special application machines incorporate advanced technology and pioneering expertise. This is inspired by parent company Hitachi Ltd, which was founded on the philosophy to make a positive contribution to society through technology.

In addition to the latest products made at state-of-the-art facilities and built to the highest quality standards, you’ll have the support of our experienced engineers and dedicated dealer personnel. You’ll also benefit from market-leading services and initiatives, such as Premium Rental and Premium Used, which have been created to enhance your experience as a Hitachi customer.

Whatever vision you wish to create, Hitachi has the product, people, solutions and services you need to make it become a reality – and empower you to take control of your world.
SPECIFICATIONS

ENGINE
Model .................. CUMMINS B6.7
Type .................. 4 cycle water-cooled, direct injection
Aspiration ............... Turbocharger and intercooled
Aftertreatment .......... DPF and SCR system
No. of cylinders .......... 6
Maximum power
ISO 14396 .................. 157 kW (210 hp) at 1 900 min⁻¹ (rpm)
ISO 9249, net ............... 152 kW (204 hp) at 1 900 min⁻¹ (rpm)
Rated power
ISO 14396 .................. 149 kW (200 hp) at 2 200 min⁻¹ (rpm)
ISO 9249, net ............... 144 kW (193 hp) at 2 200 min⁻¹ (rpm)
Maximum torque, gross ... 990 Nm at 1 300 min⁻¹ (rpm)
Bore and stroke ............ 107 mm x 124 mm
Piston displacement ........ 6.69 L
Batteries .................. 2 x 12 V
Air cleaner ................ Two element dry type with restriction indicator

TRANSMISSION
Torque convertershaft type powershift with computer-controlled automatic shift and manual shift features included.
Variable Displacement Axial Plunger Pump
Maximum flow ............ 275 L/min at 2 200 min⁻¹ (rpm)
Maximum pressure ........ 27.4 MPa

HYDRAULIC SYSTEM
Type .................. Double acting type
No. x Bore x Stroke .......... Arm: 2 x 130 mm x 880 mm
Bucket: 1 x 165 mm x 510 mm
Filters .................. Full-flow 9 micron return filter in reservoir
Hydraulic cycle times
Lift arm raise ............ 5.6 s
Lift arm lower ............ 3.3 s
Bucket dump .............. 1.5 s
Total ................... 10.4 s
*Data at Power Mode

POWER TRAIN
Transmission ............... Four position valve; Raise, hold, lower, float
Torque converter .......... Three element, single stage, single phase
Main clutch ............... Wet hydraulic, multi-disc type
Cooling method .......... Forced circulation type
Arm controls ............. Four position valve; Raise, hold, lower, float
Bucket controls with automatic bucket return-to-dig control
Three position valve; Roll back, hold, dump

STEERING SYSTEM
Arm and bucket are controlled by multifunction lever
Arm controls ............. Four position valve; Raise, hold, lower, float
Bucket controls with automatic bucket return-to-dig control
Three position valve; Roll back, hold, dump

TIRES
Tire size ................. 23.5R25 (L3)
Optional ................ Refer to standard & optional equipment list

BRAKES
Service brakes .......... Inboard mounted fully hydraulic 4 wheel wet disc
Parking brakes .......... Spring applied, hydraulically released, dry disc

HYDRAULIC SYSTEM
Arm and bucket are controlled by multifunction lever
Arm controls ............. Four position valve; Raise, hold, lower, float
Bucket controls with automatic bucket return-to-dig control
Three position valve; Roll back, hold, dump
Main pump (Serve as steering pump)
Variable Displacement Axial Plunger Pump
Maximum flow ............ 275 L/min at 2 200 min⁻¹ (rpm)
Maximum pressure ........ 27.4 MPa
Fan pump ................. Fixed Displacement Gear Pump
Maximum flow ............ 65.8 L/min at 2 200 min⁻¹ (rpm)
Maximum pressure ........ 19.0 MPa

HYDRAULIC SYSTEM
Type .................. Double acting type
No. x Bore x Stroke .......... Arm: 2 x 130 mm x 880 mm
Bucket: 1 x 165 mm x 510 mm
Filters .................. Full-flow 9 micron return filter in reservoir
Hydraulic cycle times
Lift arm raise ............ 5.6 s
Lift arm lower ............ 3.3 s
Bucket dump .............. 1.5 s
Total ................... 10.4 s
*Data at Power Mode

ENVIRONMENT
Engine Emissions
EU Stage V
Sound level
Sound level in cab according to ISO 6396 ...................... LpA 68 dB(A)
External sound level according to ISO 6396 and
EU Directive 2000/14/EC ........................................ LwA 105 dB(A)
Air Conditioning System
The air conditioning system contains fluorinated greenhouse gases.
Refrigerant type: HFC-134a, GWP: 1430, Amount: 0.80±0.05kg, CO2e: 1.14±0.07ton.

SERVICE REFILL CAPACITIES
Fuel tank .................. 255 L
Engine coolant ............. 29 L
Engine oil .................. 25 L
Torque converter & transmission .................. 27 L
Front axle differential & wheel hubs .................. 32 L
Rear axle differential & wheel hubs .................. 32 L
Hydraulic oil tank .......... 114 L
DEF/AdBlue® tank .......... 26 L

AXLE AND FINAL DRIVE
Drive system ............... Four-wheel drive system
Front & rear axle .......... Semi-floating
Front ....................... Fixed to the front frame
Rear ....................... Trunnion support
Reduction and differential gear .................. Two stage reduction with torque proportioning differential
Oscillation angle .......... Total 24° (+12°,-12°)
Final drives ................ Heavy-duty planetary, mounted inboard

### EQUIPMENT

#### ENGINE
- Aftertreatment device
- Air intake
  - Pre-cleaner (Sy-Klone)
  - Pre-cleaner (Turbo II)
- Air filter double elements
- Anti-clogging radiator (Wide fin pitch radiator)
- Automatic reversible cooling fan with heat sensing
- Cartridge-type engine oil filter
- Cartridge-type fuel pre-filter
- Cartridge-type fuel main filter
- Coolant reservoir sight gauge
- DEF/AdBlue® tank extension filler
- DEF/AdBlue® tank with ISO magnet adapter
- Engine auto shut-down control system
- Engine oil remote drain
- Fan guard

#### BRAKE SYSTEM
- Front & rear independent brake circuit
- Inboard mounted fully hydraulic 4 wheel wet disc
- Spring-applied/Hydraulic-released parking brake

#### HYDRAULIC SYSTEM
- Bucket auto leveler (Automatic return to dig control)
  - Electric control lever
    - for 3 spools control valve
      - MF lever & Proportional switch for 3rd function
    - 2 levers & AUX lever for 3rd function - Inside layout pattern
      (3rd - bucket - liftarm)
    - for 4 spools control valve
      - MF lever & 2 Proportional switches for 3rd & 4th function
      - 2 levers & AUX lever for 3rd function & Proportional switch for 4th function - Inside layout pattern (4th - 3rd - bucket - liftarm)
- Control lever lock switch
- Dual lift arm auto leveler and kickout system
- Hydraulic filters
- Lift arm float system
- Reservoir sight gauge
- Ride control system (OFF-AUTO type)
- Quick coupler piping and switch
- Work mode selector

#### CAB
- Adjustable steering column with POP-UP
- Auto control air conditioner
  - with double intake filter
  - Pre-cleaner for air conditioner
- Bluetooth® integrated DAB+radio, hands-free calling
- Camera & monitor
  - Rear view camera & monitor
  - Aerial Angle® (Side and rear view camera)
- Coat hook
- Evacuation hammer
- Front/Rear defroster
- Glove compartment
- LED room light
- Payload checker with tip-off function
- Rear obstacle detection system
- Rear view mirrors
  - Inside (1)
  - Outside (heated, 2) electrical adjustment retractable mirror stay
- Retractable seat belt, 50mm
- ROPS (ISO3471), FOPS (ISO3449): multi-plane isolation mounted for noise, vibration reduction
- Rubber floor mat
- Seat
  - Heavy duty air suspension seat equipped with horizontal suspension headrest and heater; fabric, high back, adjustable for damper, inclination of the seat, seat depth, weight-height, fore-aft position, reclining angle, armrest angle, headrest height and angle, lumbar support
- Seat belt reminder
- Steering system
  - Joystick steering (with wheel steering)
  - Wheel steering
- Storage
  - Cup holder
  - Document holder
  - Hot & cool box
  - Smartphone and Tablet device holder
  - Seatback pocket
  - Sun shade film on front windshield
  - Sunscreen roller type
  - Textured steering wheel with spinner knob
  - Tinted safety glass
  - Front windshield: laminated
  - Others: tempered
- USB power supply
- Windshield washer front and rear
- Windshield wipers front and rear
  - 2 speakers
  - 8 inch sub monitor
### MONITORING SYSTEM

- **Gauge**: coolant temperature, fuel level, transmission oil temperature
- **Indicator lights**: clearance lights, control lever lock, fuel level, high beam, parking brake, preheat, turn signals, work lights, fan reverse indicator, seat belt indicator
- **Indicator on multifunction monitor**: F-N-R shift position, gear shift position, clock, DEF alarm indicator, DEF level gauge, ECO indicator, forward/reverse selector switch indicator, hold display, hour meter, joystick steering indicator (optional), odometer, battery volt, speedometer, tachometer, transmission auto-shifting indicator, Warning lights: air filter restriction, brake oil low pressure, communication system error, discharge warning, engine oil low pressure, engine warning, hydraulic oil level, low steering oil pressure, overheating, transmission warning
- **Indicator on sub monitor**: payload checker, dual auto-leveler indicator, rear obstacle detection and warning system (optional)

38 languages selection

### ELECTRICAL SYSTEM

- **Alternator (95A)**
- **Backup alarm**
- **Battery disconnect switch**
- **Large capacity batteries**
- **Power outlet 12 V & 24 V**

### LIGHTS

- **Clearance lights**
- **LED brake & tail lights**
- **LED headlights**
- **Rotating lamp**
- **Turn signals with hazard switch**
- **Work lights**
  - 2 front on cab & 2 rear LED working lights
  - 2 front on cab & 2 rear LED working lights (High brightness)
  - 4 front, 2 rear on cab & 2 rear LED working lights
  - 4 front, 2 rear on cab & 2 rear LED working lights (High brightness)

### POWER TRAIN

- **Approach speed control**
- **Automatic transmission with load sensing system**
- **Clutch cut position switch**
- **Differential**
  - LSD (Limited Slip Differential, front and rear)
  - TPD (Torque Proportioning Differential, front and rear)
- **Driving speed limiter (20km/h)**
- **DSS (Down Shift Switch)**
- **Forward/Reverse lever**
- **Forward/Reverse selector switch**
- **Maximum gear limited switch**
- **Power mode switch**
- **Quick power switch**
- **Travel mode selector (Auto1-Auto2)**
- **Aftertreatment manual regeneration switch**
- **Aftertreatment manual regeneration inhibit switch**

### TIRES

- 23.5R25 (L3) XHA2
- 23.5R25 (L3) VJT
- 23.5R25 (L5) XLDD2A
- 23.5R25 (L5) XMINED2 PRO
- 23.5R25 (L2) XSNOPLUS

### MISCELLANEOUS

- **Articulation lock bar**
- **Auto lubrication system**
- **Belly guard (Bolt on type) (front/rear)**
- **Bucket cylinder guard**
- **Cab top rail**
  - Front rail on the cab top
  - Rear rail on the cab top
- **Cab window cleaning foot plate**
- **Counterweight, built-in**
- **Cutting edge protection**
- **Drawbar with locking pin**
- **Emergency steering**
- **Fenders**
  - for 23.5R25 (Front & full covered rear fenders with mud flaps)
  - Global e-Service
- **Lift arm**
- **Standard lift arm**
- **High lift arm**
- **Lift & tie down hooks**
- **On board information controller**
- **Pillar proof**
  - Lockable battery cover
  - Lockable engine cover
  - Lockable fuel refilling cap
- **Radiator dust protection screen**
- **Rear license plate bracket**
- **Road homologation**
  - German road homologation kit: rear license plate bracket, reflective sticker, wheel blocks
  - Italian road homologation kit: cab lights, cutting edge protection, link stopper, rear license plate bracket, reflective sticker, rotating lamp
  - Spanish road homologation kit: rear license plate bracket, rotating lamp
- **Standard tool kit**
- **Tool box**
- **Wheel blocks**
Prior to operating this machine, including satellite communication system, in a country other than a country of its intended use, it may be necessary to make modifications to it so that it complies with the local regulatory standards (including safety standards) and legal requirements of that particular country. Please do not export or operate this machine outside the country of its intended use until such compliance has been confirmed. Please contact your Hitachi dealer in case of questions about compliance.

These specifications are subject to change without notice. Illustrations and photos show the standard models, and may or may not include optional equipment, accessories, and all standard equipment with some differences in color and features. Before use, read and understand the Operator’s Manual for proper operation.
